HELLO THERE, OUR DREAM IS TO HELP YOU MAKE GREAT HAPPEN

Industry endorsed

If you’re an experienced tradesperson in the refrigeration and appliance services industry learn to also work with CO₂ refrigerants

This course is designed for tradespeople working in the refrigeration and appliance services industry and meets licensing requirements, allowing you to work with CO₂ refrigerants. It reinforces safe working practice and covers specialised knowledge of refrigeration principles that apply to carbon dioxide, testing, locating and rectifying faults and defective components.
